Education

Ahmedabad, India
'04 - '08

National Institute of Design
Graphic Design at India's premier design school. Founded on the recommendation of Charles and Ray Eames to the Government of India in the India Report. www.nid.edu

Baltimore, USA
Spring '07

M|I|C/A
Semester abroad. Immersed myself in an oddly familiar youth culture. Gave myself an intense workload by taking challenging senior and graduate level classes. www.mica.edu

Rishi Valley, India
'97 - '04

Rishi Valley School
Advocates a holistic approach to education, developing an appreciation for nature, art and music. The boarding school's goal is to help students become sensitive citizens. www.rvs.org

Experience

Dubai, UAE
July 09 - present

Freelance graphic design

London, UK
March 09 - July 09

Pentagram / Intern
Internship with Harry Pearce. Worked on a variety of packaging, identity and publication projects for an international clientele. www.pentagram.co.uk

Zürich, Switzerland
September - December '08

arthesia AG / Intern
arthesia is a creative think lab with offices in Zürich and Los Angeles. They develop atypical solutions for complex challenges in meaning, communication and differentiation. Brainstormed and created project models for ventures with cities, regions, and institutions. www.arthesia.com

Mumbai, India
March - August '08

Design Temple / Designer
Worked on my final project for design school here—established the brand identity for India Design 2008, India's first Design Week. www.designtemple.net

Greensboro, Alabama
June '07

Project M
An experimental graphic design group that aims to solve social problems using graphic design and inspire young creatives. A unique experience to live and work with 7 other young designers as well as a range of brilliant advisors from all over the world. www.projectmlab.com

Baltimore, USA
January - May '07

Pentagram / Intern
Interned with Abbott Miller while on my exchange semester at MICA, Baltimore. Worked on identity and typography projects. www.pentagram.com

Melbourne, Australia
May - June '06

Royal Melbourne Institute of Technology (RMIT)
Concept and camerawork for a series of ten video interviews with the faculty of Industrial Design. www.rmit.edu.au
